Cross Platform Mobile App Development, Full Stack Web Development, DevOps

## Projects

**Vaccine Booking Website (Sep 2021- Oct 2021)** Tech Stack: LAMP

Github Link: <https://github.com/himanshusingh335/vaccine-booking>

A vaccine slot website that enables a user to book a slot for covid vaccination for himself as well as his family members.

**SRM GPA Finder (Jan 2020- July 2020)** Tech Stack: Flutter, Firebase

Github Link: [https://github.com/himanshusingh335/gpa\\_finder](https://github.com/himanshusingh335/gpa_finder)

The app takes the credit and the grade rewarded for each subject from the user and calculates the SGPA of the student for that semester.

**ISS Locator (Jan 2021 - Jan 2021)** Tech Stack: Flutter, REST

Github Link: <https://github.com/himanshusingh335/ISS-Locator>

The android app provides live information about the ISS satellite such as number of people on board along with their names, latitude, longitude, pass times over India etc. The app can give a good idea of when it will pass over you.

## **Internships/ Work Experience**

### **SDE intern at Kudosware (Aug 2021 - Nov 2021)**
